

# ASE ENGAGEMENT & EXPERIENCE SURVEY

## A Smarter Approach to Employee Feedback

The ASE Engagement & Experience Survey is designed to deliver accurate, confidential, and actionable insights into your workforce.

### Why Choose ASE's Survey?

**Confidentiality You Can Trust** – Employees feel secure providing honest feedback, free from concerns about internal review.

**Less Work for HR** – We handle the survey design, administration, and analysis, allowing your HR team to focus on strategy instead of data crunching.

**Clear, Actionable Results** – Results are delivered in easy-to-read charts, bar graphs, and heat maps designed for quick interpretation and decision-making.

### What We Measure

Our 30-question survey covers five core areas of organizational health:

**Readiness** – Tools, resources, and opportunities for growth

**Engagement** – Commitment, satisfaction, and pride in work

**Leadership** – Confidence in direction, communication, and adaptability

**Supervision** – Quality of support, recognition, and guidance

**Trust** – Transparency, fairness, and openness

### Results You Can Use

Survey results are presented at both the category and item level, giving you a big-picture view of organizational strengths and a detailed look at areas for improvement. With ASE managing the process, you gain reliable insights without the administrative burden. Put your focus where it matters – on your people.

Let ASE help you measure, understand, and strengthen employee engagement.
